

# Above And Beyond, Good For Me

To be with you is easy  
I know you're good for me Ohh  
This feeling inside me  
Ohh, it sends me sky high  
You're good for me my baby  
So good for me my love  
You're good for me my baby  
So good for me oh love  
To feel for you is easy  
I know you're good for me Ohh  
This feeling inside me  
Ohh, it sends me sky high  
You're good for me my baby  
So good for me my love  
You're good for me my baby  
So good for me oh love  
You're good for me my baby  
So good for me my love  
You're good for me my baby  
So good for me oh love
