

# Abrasive Wheels, Vivious Circle

Forgotten youth just waste away  
Sniffing glue to face the day  
Walking streets signing on  
Government schemes go on and on

[Chorus]  
It's no use!  
It's no use!  
It's no use!

Round and round I'm upside down  
I try to get up, you kick me down  
Vicious circle there's no hope  
Around my neck your like a rope  
Staticians, politicians you feed us crap  
We're all caught up in a rat trap  
Rigmarole on the dole  
Am I alive? I don't know
