

# Abraxas, Faded Photographs

[Music: Mindner; Lyrics: Mller]

Movin' slow blood runs cold promises ever behold  
Targets there at last view  
Start up the engine and be a hero today

Holy mission trapped in tradition a place in paradise  
Honor of the family the final step into eternity

[Bridge:]  
Time goes on for you and me  
Vision or reality  
Part of history no one know  
Usual live goes on

[Refrain:]  
Faded photographs  
Remains at all  
Faded photographs

Mother cries lying pictures  
Happiness calls from other times  
Suicide is it right  
Martyr dies in the name of God

[Bridge:]  
Time goes on for you and me  
Vision or reality  
Part of history  
Usual live goes on

[Refrain:]  
Faded photographs  
Remains at all  
Faded photographs
