

# Absent Element, Seven4

Take a glance  
Unfortunate circumstance  
Never seem to take a chance  
As I sit and watch you dance  
I sit here like a fool

Why I can't  
Cannot seem to understand  
What it takes to be a man  
Get back up and breathe again  
I will not be your fool

Will you tell me... WHY?!!

Is it enough now, to love me?  
Is it enough now, to hate me?  
Tell me, is it enough now...

Remembering  
That I won't amount to anything  
I think that's what you said to me  
Theres gotta be much more for me  
Than what you're offering

Break away  
From everthing I've heard you say  
So much has changed from yesterday  
And now ya don't know what to say  
When you stand in front of me

Will you tell me... WHY?!!

Is it enough now, to love me?  
Is it enough now, to hate me?  
Tell me, is it enough now...
