

# Absu, She Cries The Quiet Lake

(Cairn Warrior in Advocated Manner:)

Stones of power  
Stillness of her spawn  
Gems of symbols  
Re-illuminating  
Dawn  
She cries the quiet lake

Weeping waters  
Taciturnity  
Found  
She cries the quiet lake

Dripping ruptures  
Immortality  
Bound

Enduring: death is mine to keep  
Timelessness: unborn in timely shape  
Balancing: between stone and sky  
Promulgate: lamentations

Continually: she wails and she whines  
Nonetheless: linking stone to sky  
Leveling: the tarns to the tides  
Circulate: limpid-forming tears

(Tea's Diktat:)

"The darkness is starting and control is done:  
The cosmic light is fading, as the shadow's won."

(Chorus - Cairn Warrior in Encouraged Mode:)

It's the lake of your liquid, glass heart  
It's bringing your writ; it's bringing you tears  
It's filling your thirst and never with fears  
It's the tears of my liquid, glass heart

(Repeat Chorus - Cairn Warrior in Encouraged Mode)
