

Absynthe Minded, Copy In Black And White

I've met some smart-looking women
(copy in black and white)
I've seen intellectual guys
(copy in black and white)
All of this under attendance
(copy in black and white)
and know this is the oldest children's song
(copy in black and white)

Big spenders
Cheap buyers
Stands through them
Always hiding
Emotions
They've let go
The future's around
It's always so

Gather baby, gather your girls
(copy in black and white)
Discussion and ambition it is ours
(copy in black and white)
And I'll talk you into things you wanna do
(copy in black and white)
Scissors and glue, they'll do
(copy in black and white)

Big spenders
Cheap buyers
Stands through them
Always hiding
Emotions
They've let go
The future's around
It's always so

It's just like you
Only come alive
(only come alive)
in the jerk of night
(in the jerk of night)
bad copy alive
(bad copy alive)
is it to dark outside
(is it to dark outside)
it's just like you
picked the wrong idea
(picked the wrong idea)
you were to blind to see
(you were to blind to see)
it's more than one, two, three
(it's more than one, two, three)
No, you didn't see
(No, you didn't see)
what you didn't see
(what you didn't see)
