

# Absynthe Minded, You Were The Best Excess In

Is there any chance that i can get out of this state of mind  
Dont you think its true that im so fond id you just because you said that youd like  
To hold me tight and whisper in my ear that i am close to finding out whats next  
You were the best excess in my life

Theres another piece of hideous picture that caught me in the lenz of my eye  
Its you and me balancing between love and abuse struck in arms romancing shine  
You hold me tight and whisper in my ear that i am close to finding out whats next  
You were the best excess in my life
