

# AC/DC, Back Seat Confidential

(Scott/Young/Young)

Old man's car on a Saturday night  
Got me a woman, me I feel alright  
Rock and rollin' at the drive-in show  
Gonna sit in the back in the passion row  
Turn up the soundtrack, turn down the lights  
Chance she won't but there's a chance she might  
Ain't no woman in the world I know  
Ain't had her knickers on the automobile floor

What's that [social?] sound?  
Thing's goin' down  
Look at what's goin' round

Said to buy a rubber [at | by] the cigarette stand  
Dying to get it off so that I can get in  
Doing my best to make a good connection  
She say what you gonna do 'bout my protection?  
All right mama, gotta listen to me  
Last chance thrill it's half past three  
Huggin' and kissin' will be real nice  
Every man's got his price

What's that [social?] sound?  
Something's goin' down  
There's passion 'round
