

# AC/DC, Cold Hearted Man

(Young, Young, Scott)

No one knew  
Where he came from  
He never knew himself  
Call her Ma  
Call him Pa  
But he was born to someone else  
No one fooled  
Or messed him around  
Cause they were all afraid  
Ain't no lies  
Ice in the eyes  
Of Leeroy Kincaid

[Chorus:]  
Cold hearted man  
One time lover heart in his hand  
Cold hearted man  
And you can't trust nothing you don't understand  
Cold hearted man  
Cold hearted man

Like a snake  
He had no friends  
He didn't need no one  
Hurt his pride  
Deep inside  
He was another mother's son  
Reputation  
Broken glass  
Everybody prayed  
For their lives on the street  
Where they happened to meet  
Leeroy Kincaid

[Chorus]  
Sometimes you can't see  
The other side  
It's too well hidden  
For the naked eye  
One time lover  
With his heart in his hand  
Two time loser  
A broken man

Cold hearted man
