

AC/DC, DEMON FIRE

He loves to drive 'em crazy
With his evil lips
Great guns are blazin'
What a deathly trip

Yeah, born of no family, born of no creed
Yeah, raised by a jackal, raised a bad seed
You better look around before you hit the ground
Give me no quarrel, lives of crime

Like a devil on a deadline
Gonna send you down

Demon fire is all you desire
Demon fire, it glows sapphire

Seeking out power, girl, I'll hunt you down
Blowin' out on a flash, gonna knock you out
You better look around
Hear the evil sound
Give me no quarrel, drenched in grime

With all the bad intentions
Gonna send you down

Demon fire is all you desire
Demon fire, it glows in its fire
Demon fire, flames burn higher
Demon fire, it's an all-out hellfire

Hey!

Demon fire is all you desire
Demon fire, it glows in its fire
Demon fire, flames burn higher
Demon fire, it's an all-out hellfire

Fire, demon, fire
Fire, demon, fire
Demon fire
