

AC/DC, Night Prowler

Somewhere a clock strikes midnight
And there's a full moon in the sky
You hear a dog bark in the distance
You hear someone's baby cry

A rat runs down the alley
And a chill runs down your spine
Someone walks across your grave
And you wish the sun would shine
Cause no one's gonna warn you
And no one's gonna yell attack
And you don't feel the steel
Till it's hanging out your back

I'm your night prowler, asleep in the day
Night prowler, get outta my way
I'm your night prowler, watch you tonight
I'm the night prowler, when you turn out the light

Too scared to turn your light out
Cause there's somethin' on your mind
Was that a noise outside the window
What's that shadow on the blind
As you lay there naked
Like a body in a tomb
Suspended animation, as I slip into your room

I'm your night prowler, asleep in the day
I'm your night prowler, get outta my way
Look out for the night prowler, watch you tonight
Yes I'm the night prowler, when you turn out the light

I'm your night prowler, asleep in the day
Yes I'm the night prowler, get outta my way
Look out for the night prowler, watch you tonight
Yes I'm the night prowler, when you turn out the light

I'm your Night Prowler, break down your door
I'm your Night Prowler, crawling towards you
I'm your Night Prowler, make a mess of you, yes I will
Night Prowler

And I am telling this to you
There ain't nothing
There ain't nothing
Nothing you can do
