

# AC/DC, Smash N' Grab

Come on and blow your mind,  
You're out of time,  
Oooh, beat your chest,  
Join in like all the rest,  
Oooh, shovem back,  
Hey hey hey yes,  
Hey hey hey yeah,  
Seems like you run a mile,  
Hey try to unwind,  
Come on lets blow your mind,  
It's no use you ain't got time,  
Without a sound come on lets get around,  
Oh I hear the crash,  
Come on in and just smash, grab and take it while you can,  
Smash, grab and take it,  
Hey hey hey yeah,  
Why don't you come out,  
Come on - run it to the ground,  
You're gonna blow your mind,  
You're gonna pulverize,  
Once you've come up late,  
You gotta pick up straight,  
It's gonna blow your mind,  
And all the livings gone,  
Smash, grab and take it,  
Take it for yourself,  
Smash, grab and take it,  
Take it take it take it yeah,  
Steal the money,  
I'm taking while I can,  
Come on lets blow your mind,  
Hey hey hey yeah,  
Shoot em right down,  
Oooh take it while you can,  
Come on lets blow your mind,  
Smash, grab, take it,  
Hey hey hey yeah,  
Smash, grab and take it for yourself,  
Smash, grab and take it
