AC/DC, Some Sin For Nuthin

Heroes, hard to find
Don't make the news till
they do time
Schemers turn the screw
They get the word and they
drop on you
Lay down the law black of
the night
Run up a score, the vice is
right
Dealers looking round, wheel
is turning round
Coming round on you

(CHORUS)
Some sin for gold
Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the
fool
Who's gonna have to sin for
nothing

(Now work that out)
Nero, evil mind
He was born way before his
time
Lead 'em down below
You got it right and away
you go
You gotta lay down the
rules, push up the price
Turn on the heat, put you on
ice
Dealers looking round, wheel
is turning round
Coming round for you

(CHORUS)

(Give it to me)
Ain't gonna sin for nothing
Don't get nothing for
nothing
Ain't gonna sin for nothing
That don't make no sense
