

Acappella, Act Of God

It was an act of God

This old world was not an accident
It came to be by the touch of His hand
Through His love He formed creation
Then reached out and breathed His life into man
Yes for all of us
He is calling us with His blessings to show
The best part of it is the heart of it
It's the good news we know

Chorus:

Every time the sun shows His face
Every time I've needed His grace
Every little bird in the air
Never will escape from His care
He arose again He defeated sin
And He shed His blood for me
It was an act of God

Now we hear such strange philosophies
From those who teach - we expect them to know
But they push God out of the picture
When His presence is quite obvious
Only fools deny Him so

And in all of us there's a call in us
For the truth to be shown
Yes the heart of it - every part of it
Is from God's highest throne

Repeat Chorus

(I've got to know...)

Was it an act of God - causing you to turn Him away?
Is it an act of God - that you're refusing to pray?
It was an act of God - opening the blind eyes to see
It is an act of God - what He is doing for me

Repeat Chorus

I know
He arose again He defeated sin
And he's coming back for me
It is an act of God
Oh it, it is an act of God
