

# Acappella, Gotta Grow Up

When I was a child I spoke as a child  
But I put away childish things  
Now I'll never forget and you'll prob'ly suspect  
That we are the children of the King (yeah)  
Now that I'm a man I do what I can  
To find what my Father wants for me  
I got to be humble and kind as He changes my mind  
As we're growing in His family  
I can't keep from movin' when I'm seein' His glory  
I can't quench this fire that's in my soul  
I can't quench this fire that he's put in my soul

Chorus:

You gotta grow up (grow up) get ready (get ready)  
Feast upon the things that you know  
Just because you're older  
Doesn't mean you're growin' colder  
Why not be bolder as you're followin' Him  
You gotta grow up (grow up) be steady (be steady)  
Don't be lost or tossed to and fro  
And don't you lose that child-like trust in Him

When I'm on my own I feel so alone  
Cause I'm leavin' Him far behind  
If I push Him away, though He wants me to stay  
He will not be forcing me in line (yeah)  
But when I understand He has the best plan  
And He's got it all planned for me  
I will never regret if I only submit  
To His providential sovereignty  
I can't keep from movin' when I'm seein' His glory  
I can't quench this fire...  
I can't quench this fire that He's put in my soul

Repeat Chorus

Bridge:

No one can explain the trials and struggles I've been going through  
Growing pains and heartaches flood my way  
I always fail when I take charge of all the things I'm going through  
Instead of hearing what He has to say

Repeat Chorus
