

Acappella, House Of Praise

House of Praise, House of Praise
There is a path before us
And it's there that we must choose
For the road that leads to life is what we're after
Within the pounding chorus
We hear the words of truth
For the knowledge of Him brings the joy and laughter
Dwelling in the presence of His majesty
Is liberty, I'm free to sing
That is where my soul will always long to be
Even when it seems I can't go on

Chorus:
The Lord, He has given me the power
(And He's) with me every hour
And made my heart His dwelling place
And Lord, we thank You for Your Son
And all the battles won
That brought me to Your house of praise

House of Praise

He will always answer you
When you kneel to pray
God has made it plain that He is the giver
It may not be in my time
But I know He'll make a way
Cause I'm living in the light of One who delivers

(Oh, yes I'm) Reaching down from heaven
He took hold of me
So carefully He rescued me (oh, He rescued me)
No one here has yet encountered Calvary
(Oh, and) That is why in faith I'm pressin' on

Repeat Chorus

We magnify Your name most high
We look to You for your are life
We endlessly adore Your name
For You will always be the same
You are the Lord of lords
And King of kings
We praise Your name in everything
We long to see You in the sky
We love You, lift You on high

Repeat Chorus (x2)

Bringing me to your house of Praise (repeat and fade)
