Accept, Crucifled

Life is like a slot machine Nothing's guaranteed You might give your soul away To cut yourself a deal

I really hate uncertainty Will I win or lose

Ain't norhing but a game going insane - roll the dice again Crucified - deep inside I'm feeling crucified

Life is like a lottery Can I ever win Will it be another one or me - who's cashing in

Ain't nothing but a game going insane - roll the dice again

Crucified - deep inside I'm feeling crucified
