

# Accept, Sodom & Gomorra

Ever since the stone-age  
Mans been on the hunt  
We were born to kill  
Fighting for survival  
All in self-defence  
It was do or die  
Now were living in jungles  
The concrete age  
A maximum overdose of pleasure and  
pain  
Self-inflicted - life corrupting  
Antisocial - controversial - living  
in sin  
Sodom and Gomorra  
Let me tell you what I see  
Sodom and Gomorra  
Got not law and order  
Ruled by anarchy  
Its here to stay  
Chaos in the classroom  
Kids are killing kids  
Getting outta hand  
Mothers and fathers - the sickening  
ones  
Raping the children  
At the end of a gun  
Self-inflicted - life corrupting  
Antisocial - controversial -  
living in sin  
Sodom and Gomorra  
Let me tell you what I see  
Sodom and Gomorra  
Were in a burning hell for all eternity  
Sodom and Gomorra  
You mustnt look back  
To Sodom and Gomorra  
Dont you look back -  
to the essence of evil  
This universe of hatred  
Aggression is the force  
Heading for oblivion  
Were on collision-course  
Evolutions over  
The devil has prevailed  
Heaven screams for vengeance  
This is judgement day  
Self-inflicted - life corrupting  
Antisocial - controversial -  
living in sin  
Sodom and Gomorra  
Let me tell you what I see  
Sodom and Gomorra  
Forever ruled by anarchy  
Sodom and Gomorra  
Forever damned to purgatory  
Sodom and Gomorra
