

# Accessory, Mastermind

The fearless mastermind  
Hidden in the corner  
Muses on the world  
Seems to be a learner

Unexpected mastermind  
Is doubtful of the show  
Complains undiscovered  
Out of the last row

The rigid mastermind  
Denies every fashion  
Is distrustful of  
Insecure possession

Lonely mastermind  
Ignored by the crowd  
Pays tribute to disorder  
And crosses the bound

No functional identity  
A stain in human gear  
Lingers on one second  
Born to disappear
