

Accessory, Never

Never stop
Never die
We want never say good bye

Never pray
Never stay
We want dance every day

Never miss
Never piss
All the nights we want kiss

Never one
Never two
Turn me on for sex with you

Your star will never reach you
One night in your dancehall
Your star will never leave you
One fight your feeds will dance you

Never sleep
Never tired
Nacked bodys are desired

Never cold
Never gold
The music is hot and bold

Never slow
Never quiet
Find a date for this night

Never drugs
Never dive
Music is our live
