

# Accidental Superhero, I'm Alone

far from washed away  
five steps from yesterday  
lonely lonely's gone away  
deep down in disarray  
all the hope that's gone today  
breathing life in eloquence

don't feed me  
i won't wash away

all the world is dancing  
and i'm alone  
leave me alone  
i'm alone

all the world is dancing  
and i'm alone  
leave me alone  
i'm alone

deep down in disarray  
no one to carry me  
freedom feeding everything  
bring down the enemy  
reap the seeds that seem to be  
breathing breathing life in me

don't feed me  
i won't wash away  
don't feed me  
i won't wash away

all the world is dancing  
and i'm alone  
leave me alone  
i'm alone

all the world is dancing  
and i'm alone  
leave me alone  
i'm alone
