

# Accidental Superhero, Way Down

stop me on the way down  
stop me on the way down

can't stand my ground with you  
reach up or drown for you  
would have liked to know what to do  
feel like i've blown it with you

stop me on the way down  
stop me on the way down

can't stop to lie for you  
won't stand this strife from you  
could have loved the things that i do  
can't spend my time waiting for you

stop me on the way down  
stop me on the way down

back up give up or funk the fight  
lock the door give up and hit the lights

stop me on the way down  
stop me on the way down
