

Accidental Superhero, Where I Stand

i've got an accidental superhero
who arrives on cue
and he says why don't i save you
why don't i rescue you
my maverick wine here
has got to be the notion
my maverick wine here
has got to be the potion

and i laughed as she walked away
'cause' i knew there would be
no more days of lying or
crying at all
as she turned
as she walked away
her eyes looked through me
as they seemed to say
come my way
come my way

come my way, come my way
you no longer need to stay away
come my way, come my way

and she moves like a dove,
but i get this feeling that
she's circling above, and she's
waiting... and she's waiting
for me to pass away
pass away

pass away, pass away
you no longer need to stay away
pass away, pass away

and they know where i stand
and i stand alone
and now i'm waiting, waiting
for you to call me home

call me home, call me home
you no longer need to stay and roam
call me home, call me home
call me home
