

# Ace Enders, Where Do We Go From Here

I've been waiting so long to find the notes of my own  
And now I finally understood that I was never really owed  
And what I really wanna know is what it takes to be sure  
For just one time, or any other night  
So where do we go from here?  
We find a way to disappear  
Away from all our sleepless roads  
And find our way in from the cold  
I've been holding on so long to find the place where I belong  
I think I'll never understand why these words make me so pale  
And what I really wanna know  
Is if you push will I fall?  
For just one time or any other night  
So where do we go from here?  
We find a way to disappear  
Away from all our sleepless roads  
And find our way in from the cold.
