## Ace Frehley, It's Over Now

You were life and love upon this island And it was hard but you made it all worthwhile So afraid that i'm gonna run away Well if i was, i wouldn't be here today, ay And you took me by the heart And showed me where i was Deep inside your love CHÓRUS: (You will) Never here me say the words Never feel the pain that hurts Never hear me say It's over now I look at you, and i see theres a fear Something's wrong but your holdin' back your tears Well here is where i am and where i'll stay So loose the bad thoughts, push'em far away, ay Hope and dreams will take the shape I'm shooting for the stars And diamonds for your eyes **CHORUS:** 

BRIDGE, LEAD **CHORUS: OUT**
