

Ace Frehley, Loser In A Fight

He's got a holster
Filled up with grief
I wouldn't want to cross his line
I'd end up underneath
(He's) got an angry look of action
Shoot off both your knees
His gun was smokin'
Recently pleased

Release: 1

You don't wanna cross wits
Better not try
You couldn't learn his limits
And you don't have the mind

CHORUS:

Loser in a fight
Loser in a fight
Better learn to run
Your winnin' days are done
He's a thinker you can see it
Sometimes the eyes don't lie
And if your head is empty
He'll make your body die
I don't need his aggravation
I'm better than the rest
Better stand up or shut up
(Cuz) soon will come the test

Loser in a fight
Loser in a fight
Better learn to run
Your winnin' days are done

Bridge:

This would be one guy to ignore
If you wanna save your face
From hitting the floor
So now would be the right time!!!
