

Ace Frehley, Separate

Stop lookin' down and look up and proud of it
Don't be a fool and keep takin' all that shit
It's time you saw that it's wrong to be pushed aside
Stand up and fight and you soon will realize

CHORUS:

You gotta separate the men from the boys
If you hesitate, you might lose a lot of joys
So grab a hold of your girl, and give her everything you can
If you can penetrate, she'll make you feel like a man
Always remember your strength comes from deep inside
The world's a joke, so beware, you could lose your mind!
So don't be fooled by the lies lots of people say
Trust in yourself and you surely will find a way

Now Listen!

CHORUS:

You gotta separate the good from the bad
If you hesitate, you might end up feelin' sad
So grab a hold of your girl, squeeze her tight and don't let go
If you can penetrate, by then you'll surely know
