

# Ace Frehley, Shot Full Of Rock

Wake up Jack get ready  
Here we come to rock this town  
Hold on tight and steady  
Over, under, sideways, down

You must feel the power  
Fix your eyes upon the stage  
Watch us now devour  
Everything that gets in our way

Your fascination with my creation  
Adds stimulation rock till you drop  
Hard rock nation, lost generation  
End the frustration! Get shot full of rock

Get shot full of rock  
Get shot full of rock

Taste the hard rock candy  
Guaranteed to melt in your mouth  
Jump back now Jim Dandy  
East, west, north and south

Catch the rush all over  
Take a chance if you dare  
Ain't got time for posers  
Look out Dick! You better beware
