

Ace Hood, Ride Or Die

[Ace Hood:]

And um, we can do them long vacations
Jamaica lately
Can't take them deep relations, baby just keep it patient
Shawty know what I do
Shawty know who I be
You know I'm in these streets the only way we gon eat
I keep it gutta never cut her when we in them sheets
I get sum cutta grap the duffle then I'm in the streets
Come back with bundles and louie v
But you ain't trippin never question bout a ni99a g
We keep it real ain't no other that could fill ya sneak's
I ride for you, you ride for me that's where we need to be
I hold you down, you hold me down and I fulfill your dreams
Your my beyonce I'm hova won't you ride with me

[Trey Songz:]

Even though I'm in the streets,
You know exactly what I do
When I chase this paper, you ain't gotta wait for me to bring it back home to you
Cause I ride or die girl we gon be good
And if you ride or die we gon make it out this hood

[Trey Songz:]

Now what's the definition of a rider
Through it all they gon stand right beside ya
If you got one look em in the eyes
Tell em you gon ride
Tell em you gon ride (ri ri ri ri ri ride)
Till the wheel fall off or the day that I die
That's on my life ain't nun wrong with tryna love somebody
Tryna tell you shawty that

[Ace Hood:]

Ace, and I promise this to you
I'm a get us out this hood
Into them places that you thinkin that you never could
But you gotta ride like them tires on the mini coop
I'm a get this cash paper bags and give half to you
Forget them haters
Was sexy too
And I like your body all I think about is doin you
And I love the money so I guess it's like doin two
You ride or die same smile when you see the loot

[Trey Songz:]

Even though I'm in the streets,
You know exactly what I do
When I chase this paper, you ain't gotta wait for me to bring it back home to you
Cause I ride or die girl we gon be good
And if you ride or die we gon make it out this hood
Trey
