

Ace Of Base, All Hope

All hope is gone
Youve lost your guts for fightin
Youre hangin your head
and dont know where to turn
Dont cry, dont fear,
Cause I will never leave you
I give you my life
If you believe in me
Its amazing how everything turns out so right
You were lost, now youre found by the love, by the life
That you kindly meet its time youre near
Gonna love you the way Im created to do
All hope is gone
Youve lost your guts for fightin
Youre hangin your head
and dont know where to turn
Dont cry, dont fear,
Cause I will never leave you
I give you my life
If you believe in me
Can you show me that stone? Can you tell me that rock?
That is larger than us and can move what is right?
No coincidence Im in love with you
Gonna love you the way Im created to do
Oh oh oh believe me
Believe me when all hope is gone
Youve lost your guts for fightin
Youre hangin your head
and dont know where to turn
Dont cry, dont fear,
Cause I will never leave you
I give you my life
If you believe in me
All hope is gone
Youve lost your guts for fightin
Youre hangin your head
and dont know where to turn
Dont cry, dont fear,
Cause I will never leave you
I give you my life
If you believe in me
