

# Ace Of Base, Travel To Romantis

Funny how everything changes for me  
Memories take me away  
Each time I open the door to my room  
Where I must stay in all day

I don't want to be here, I'm much too tired  
So I close my eyes and, 'snap', I'm with you  
We are on vacation, you and me together  
Lying in the sunshine

I travel to Romantis  
I travel to Romantis  
Where nothing but the blue skies  
Will tell me that the time flies  
I travel to Romantis  
Everytime I think of you  
You're giving me my life back  
I travel to Romantis

One day I will give you myself in a ring  
Bounded by law and by heart  
It's you and me against the world  
That is the way it should be

I don't want to be here, I'm much too tired  
So I close my eyes and, 'snap', I'm with you  
We are on vacation you and me together  
Lying in the sunshine

I travel to Romantis  
I travel to Romantis  
Where nothing but the blue skies  
Will tell me that the time flies  
I travel to Romantis  
Everytime I think of you  
You're giving me my life back  
I travel to Romantis

Give me my life back

You are the best  
You are the best that has happened to me  
You're giving me my life back  
I travel to Romantis

You are the best that has happened to me  
Please, God, let it be

I travel to Romantis  
I travel to Romantis  
Where nothing but the blue skies  
Will tell me that the time flies  
I travel to Romantis  
Everytime I think of you  
You're giving me my life back  
I travel to Romantis

I travel to Romantis  
I travel to Romantis  
Where nothing but the blue skies  
Will tell me that the time flies  
I travel to Romantis  
Everytime I think of you  
You're giving me my life back

I travel to Romantis
