

# Ace Of Base, You And I

Oh yeah yeah...  
You make me come alive

Att palla paron...

'Cause my eyes can see the why  
You make me come alive  
Someone maybe try to lay hurt on you  
I will hunt them down and blow them away  
And the city prays at our feet tonight

You and I were only animals  
Live and die like burning candles yeah  
You and I diggin' a dirty groove  
'Cause we've got none to prove  
And nothing left to lose  
You and I we're like a perfect team  
You and I live in an orange dream  
You and I we're up against the wall  
We got to beat them all  
To be invincible...yeah

Will I ever be on my own again  
Baby you got eyes that shine in the dark  
Let the beat go on in the world tonight

You and I...

Att palla paron, ooh yeah yeah...  
'Cause my eyes can see the why

Groove cause we've got none to prove

You and I don't care what people say  
You and I are living day to day  
Never die our love's immortalized  
I'm hypersensitized  
You make me come alive

You and I...
