Ace Troubleshooter, Amanda

Amanda talks about herself
Forever and a day
She'll get her way
Amanda talks about nothing
But she'll make you think it's poetry
It's too bad she's only seventeen years old

Seventeen years old
She's too young, yeah
She's too young

Amanda talks about herself
But when she sings it's gold
And it's too bad she's only
Seventeen years old

Amanda thinks about herself
Forever and a day
She'll have her way
Amanda thinks about nothing
But she'll make you think it's poetry
And it's too bad she's only seventeen years old

Seventeen years old
She's too young, yeah
She's too young

Amanda talks about herself
But when she sings it's gold
And it's too bad she's only
Seventeen years old

Old enough to know
That she's too young
To just come knocking on my door
Can't take the girl no more

Amanda talks about herself
But when she sings it's gold
And it's too bad she's only
Seventeen years old
