

Ace Troubleshooter, Don't Wait

I would like to say that I like the color gray
But it's blase
I would choose for you, but I don't know what it'd stand to do
Make you blue

Maybe you should reach inside your bag of tricks
And see what you can find
Maybe you should reach inside your bag of tricks
And call him just one time

Don't wait!

Right now is the time, so get off your lazy butt
And drop a line
Tell him how you feel
Don't let your feelings dictate what is real
