

# Ace Troubleshooter, Full Release

Don't let me get in the way  
I don't know what I'm saying  
I guess I just don't see Your wonderful plan for me  
Don't let me get in the way  
I don't know what I'm saying  
I'll just give it up to you with a sacrifice of praise

My eyes don't do a thing for me  
My flesh outside, I feel it's weak  
My ears, never a thing I hear  
Even when I draw so near  
I guess I steal the show at times  
And when I do I know I'm blind  
Deep down what I seek is peace  
So please just give me full release
