## Ace Troubleshooter, So Long

So long, farewell Goodbye you crazy Southerner, goodbye Dont cry, turn away Dont change, Ill write And all the other stuff we kinda mean Dont cry, turn away

Ill remember you, so long With your super-thumping radio Ill remember you, so long Hey-oh

Its been too long
Since games and running totals filled our minds
Boxed up, put away
Hach and Brian have gone now
You went your way, I went mine
Its all ok

Ill remember you, so long
With your super-thumping radio
Ill remember you, so long
Hey-oh
Dont sit in that gum
As youre lounging in the sun
Ill remember you, so long
Hey-oh

So long, farewell Au revoir, goodbye I hate to see you go Dont cry, turn away

Goodbye, my friend, III miss you so Across the states you had to go Goodbye, my friend, III miss you so For all the way across the states you had to go

Goodbye
