

# Ace Troubleshooter, Tapeworm

I don't want to feel this way  
But I know with every step I take or move I make  
He's staring me right in the face, get out of my way!  
I don't want to feel this way  
Tearing me apart inside, I know I can't hide  
Takes me for a ride, he's quite the lie  
Tapeworm

"I don't care if it's your way"  
That's the anthem of the thing I love to hate  
"I don't care if it's your way"  
Feeding me toxins  
Though I'm boxed in I know I can't trust him  
Tapeworm

Smooth and slippery  
Full of frippery  
Full of ballyhoo  
I hate you!

Na na na na na na na  
Hate the tapeworm!
