

# Ace Watkins, So Loved

It just don't seem right  
You shouldn't be alone tonight  
I wish I was there to help you be strong  
Cos you were so in love  
Now there's more to think of  
There's a new life  
You're having his child

And I will take care of you  
I'll do the things he would not do  
I'll father your child  
And I'll make you smile because you're so loved  
And I will take care of you  
I'll do what a man should do  
I'll father your child  
And I'll make you smile because you're so loved

In my heart I know you'll find  
The strength through trying times  
It brings me joy to love a special lady  
If sometimes you feel confused  
Don't let your fears get to you  
I'm here by your side  
To stay in your life

And I will take care of you  
I'll do the things he would not do  
I'll father your child  
And I'll make you smile because you're so loved  
And I will take care of you  
I'll do what a man should do  
I'll father your child  
And I'll make you smile because you're so loved

You're so loved  
You're so loved

And I will take care of you  
I'll do the things he would not do  
I'll father your child  
And I'll make you smile because you're so loved  
And I will take care of you  
I'll do what a man should do  
I'll father your child  
And I'll make you smile because you're so loved
