

Acel Bisa, Tongue Tied

It's getting nowhere
This feeling inside is making me so high
I've got to tell him now
Cause I can't wait till the end of time
His smile is my ice cream
It sends shivers down my spine
I've got to tell him now
Cause I might blow up inside out
Oooops...
I blurted it out!
Oooops...
Got all tongue-tied
He didn't hear me right
Guess I didn't say it right
Well I guess it's fine
There will be another time
