

Achsar, Thousand Tears

[[Verse 1:]

Your words burning my heart
Killing my soul
Destroyin' my own world
I'm lost in depths of you
I'm telling my tale to the stars
Stories of sad at the night
There is nothing
Only darkness around me

[Chorus:]

Now I cry a thousand tears
For your sweet lips
Whispering in my mind
I can't stop this
Now I cry a thousand tears
Forever stars can see
Sadness, pain and madness
Deep in me

[Verse 2:]

You're showing to me
Your other bad side
But you and I know
What is not right
Look to my eyes
And take my hand
And I'll show you
My own hell
