

# Acid Android, Enmity

A four sided room  
a simple room  
a little space  
that's limited  
a four sided room  
a shitty room  
a space with limits  
Everyday each everyday  
fingers move  
prohibited to stop or to rest  
in loop can't stop what i'm doing  
Silence  
break all  
fuck them all  
So what i eat  
it's just all junk  
my body aches  
from all junk food  
starting to rot  
my body's gone  
i'm here to rot  
just just to rot  
Falling down to the deep end  
there's no escape  
even though i run it's so useless  
i see that you the one with no face  
Can't stop...can't stop...can't stop...  
no you can't  
have no...have no...  
you have no right no  
break all burn all  
break free from all go  
fuck them all  
i said fuck them all  
fuck them all  
pen and compass's all i got
