

Acid Android, It's A Fine Day

Too bright... too bright... in this room
Too bright to get into bed
Can't sleep... can't sleep..it's not black
Can't sleep well...
No use ...no use... to try now
No use to use it all up...
Just wait...just wait...for nightfall
Just waiting...
I'm guessing that its'a sunny day
The light through the curtains
Tells the same
People may say it's a fine fine day
All i can stay it is a long day to wait
Guess it's ok cuz' it's a fine fine day
What should i do maybe i'll wash my face
Too bright... too bright... in this room
Too bright to get into bed
Can't sleep... can't sleep..it's not black
Can't sleep well...
Don't know...don't know ... confusion
Wake up or just stay in bed...
The rain...the rain...annoying pain
Imperfect...
I'm guessing that its'a sunny day
The light through the curtains
Tells the same
People may say it's a fine fine day
All i can stay it is a long day to wait
Guess it's ok cuz' it's a fine fine day
What should i do maybe i'll wash my face
I'm guessing that its'a sunny day
The light through the curtains
Tells the same
I'm guessing that its'a sunny day
Not even a cloud...
A beautiful day ...
People may say it's a fine fine day
All i can stay it is a long day to wait
Guess it's ok cuz' it's a fine fine day
What should i do maybe i'll wash my face
People may say it's a fine fine day
All i can sat it's a depressing day
It's such a loss if i sleep all day
What should i do maybe a shower i'll take
