

# Acid Bath, Finger Painting of the Insane

Turning the knife buried in your stomach  
I woke up live, black with stain  
Glistening and new, the sunset's coming  
Finger paintings of the insane

Come on and sterilize me  
Kneel down and idolize me  
Suck me, fuck me, resurrect me  
Rut me, cut me and infect me

Slice me, dice me, I wanna die screamin'  
Thoughts of dead babies wiped away with my semen  
Bleed me, feed me and inject me  
Feel me, kill me, then dissect me

The pigs will squeal, their blood will drain  
Finger paintings of the insane  
Slice the throat of authority  
Look deep past the skin and you will see

I am the messiah!  
I am the messiah!

Greasy smoke billows into the sky  
Cockroach dreams, the human dust of pain  
Twitching, screaming, hide your razor face  
Finger paintings of the insane

Come on and sterilize me  
Kneel down and idolize me  
Suck me, fuck me, resurrect me  
Rut me, cut me and infect me

Slice me, dice me, I wanna die screamin'  
Thoughts of dead babies wiped away with my semen  
Bleed me, feed me and inject me  
Feel me, kill me, then dissect me

Bloody mountain momma, rockabilly machine  
Kiddy porn lover with a mouth for disease  
Giddy 'up, honey, my rubber fuck doll  
When your candle's snuffed out, I'll burn brighter than before

Pink poinsettias for emotion that died  
A chilling war-gasm that feels like cyanide  
Her pussy bleeds sunshine, rabid for flesh  
As each raindrop plunges to its death

Kill the father, rape the mother
