

# Acid Drinkers, The Wildest Planet In Space

First World War ...  
Second World War ...  
Third World War ...  
Fourth World War ...  
War between the big and small  
War between long hairs and skins  
War over nothing but shit  
War between the fat and thin  
They sit and stare up at the sky  
They sit and listen to the stars  
Like children at the age of five  
Whose minds haven't traveled so far  
They sit and stare up at the sky  
They sit and listen to the stars  
If anyone there could see things clear  
You can bet they wouldn't fly here  
Hungry raid the satisfied  
Conflict in the movie lines  
Whites hate those not purified  
War over two cheap wines  
They sit and stare up at the sky  
They sit and listen to the stars  
Like children at the age of five  
Whose minds haven't traveled so far  
They sit and stare up at the sky  
They sit and listen to the stars  
If anyone there could see things clear  
You can bet they wouldn't fly here
