

# Acid House Kings, Say Yes If You Love Me

Sometimes I just want to cry  
Knowing that you'll say goodbye  
We cannot escape from being torn here  
And again feeling tense  
The girls will always ask you out  
Though they think they're cool  
I am kinder  
I just wrap my arms around you  
Cause I don't know what to do  
Ua-a-a-a-ou

Say yes if you love me, no if you don't care  
Please if you're asking me that you'll be there  
Say yes if you love me, no if you don't care  
Please if you're asking me not to be there

Bararara, bararara, bararara baba-barara

Sometimes I don't want to try  
Summer days will pass us by  
Makes me kind of sad  
This uncertainty  
Here I am, questions again  
Asking if you're still my friend  
When you said you'd stay  
I wasn't have that  
I hope you're thinking about me daily  
I hope that there's no doubt  
Ua-a-a-a-ou

Say yes if you love me, no if you don't care  
Please if you're asking me not to be there  
Say yes if you love me, no if you don't care  
Please if you're asking me not to be there

Bararara, bararara, bararara baba-barara

There's a certain kind of sadness  
There's a certain kind of joy  
In everything you're doing  
Ua-a-a-a-a

Say yes if you love me, no if you don't care  
Please if you're asking me not to be there  
Say yes if you love me, no if you don't care  
Please if you're asking me not to be there

Bararara, bararara, bararara baba-barara  
Bararara, bararara, bararara baba-barara

Clap clap clap hahaha uh! uh!
