

Acrasia, Choker

I've been impressed, I fall for you
I feel so safe when I'm with you
All eyes on us every time we're out
You're such a head turner baby
You're such a head turner baby

Refrain

I'm so proud, I'm so proud
All my friends envy me
Feels so high having you
Coz you're the very best

Chorus

Unexpectedly and abruptly
I'm grasping air when I'm with you
You're watching now

All my moves

You are a shadow

That's tracking me

All the while I thought I'm right

For having you in my life

I was wrong with my thoughts

I was deceived by your looks

I was deceived by your looks

Repeat refrain

Chorus

Unexpectedly and abruptly
I'm grasping air when I'm with you
You're watching now

All my moves

You are a shadow

That's tracking me

Unexpectedly and abruptly

I feel so clog being with you

You're watching now

All my moves

You are a shadow

That's tracking me

Fading

Release me baby, I'm fed up

Can't breathe enough
