

Across The Border, When Two Men Kiss

I'm not behind your boy
and I'm not behind your ass
I don't want to fall in love
with the whole male working class
you say that I'm a problem
but the problem isn't me
it's your narrow minded sexuality
given by the law, by the church and their holy hypocrisy
you don't like when two men kiss,
but child pornography

Fuck you

Mum said "why don't you marry
the girl who lives next door?"
my dad said "go to hell",
while he beat me to the floor
the eyes of a child can't see a difference
between the love of two gays
and the love of their parents
a girl brought flowers to these boys
while they were kissing behind a tree.
"Don't do this again" shouted her mother,
"and now wash your hands."

Fuck you

Why can't we understand,
when two men are kissing hand in hand?
