

Across The Sky, Exciting Times

[1st verse]

I've got something to talk about
I've had a lot on my mind
But i think i finally figured it out
What I'm feeling on the inside
'Cause where i wanna be
is in the thick of things
It's all I'm thinking about

[Chorus]

These are the exciting times
I can see that you are leading me
and it feels so right
I'm assured of this, my offering
I'm finally living
'Cause these are the exciting times

[2nd Verse]

Things can happen so rapidly
Then again they can take a lot of time
But i know these things are not up to me
But I'll be ready in the mean time
Oppurtunity is calling out to me
I lay it all on the line

[Chorus]

[3rd Verse]

This thing is bigger than me
and i'm just wanting to be a part of anything and everything you ask
of me

[Chorus till end]
