

Across The Sky, Not So You Will Love Me

I wanna live in the moment
Like there's nothing that I lack
I wanna give like there's nothing to lose
And no reason to look back

CHORUS

Not so You will love me
Not so You will love me
Not so You will love me
But because You do

There's no way to impress You
There's no grace I can earn
Help me to see that my life is a gift
I can give in return

CHORUS

Because You do
I don't have to prove a thing
Because You do
I am free
Where there's suffering I'll bring comfort
Where there's wandering I will guide
Where there's judgment I'll show mercy
Where there is darkness I'll be light

CHORUS
