

# Across The Sky, When I Open My Eyes

A hand to hold  
Is often hard to see  
And I cannot  
Deny You're reaching out to me  
The day is gone  
And still I know You're near  
And I've got nothing to fear

## CHORUS

When I open my eyes  
You're the first thing I see  
A vision once clouded  
I feel Your presence over me  
When the sun comes up  
'Til I fall asleep at night  
I know You'll be there  
When I open my eyes

Now granted...  
I've been here a time or two  
I've learned, I've lived  
And now I've learned again  
I pray that I...  
I might become like You  
I've got nothing to lose

## CHORUS

Your love is like the ocean  
It never stops rolling in  
You are my world  
I can't survive without You  
With You it's all surrender  
In that I find such peace  
Tell me this is no dream, yah...

When I open my eyes  
Oh Lord, I feel Your presence over me  
From when the sun comes up  
'Til I fall asleep at night  
I know You'll be there  
I know that You'll be there...

## CHORUS
